

Press Release 26/05/2010

Partnership

EOC Belgium & mt merk trading

EOC Belgium - Emulsion Division & mt merk trading become partners in Switzerland and Liechtenstein.

"For many years now EOC is present in the Swiss market with 1 production facility and its corporate purchasing company called "EOC Einkauf". Also we managed to achieve a decent business with our innovative Emulsions over the last few years. In order to strengthen our service and flexibility we found Mt Merk Trading to be the right partner for the support of our customers and official trading of our full range of products starting the 1st of May 2010. As a team we will definitely succeed to cope with the growing demand for our high quality Emulsions in this high-end market". Dixit Gerd Hardy, BU Manager EOC Emulsion Division.

EOC Belgium -Emulsion Division offers a comprehensive range of innovative, economic, ecofriendly and high-quality Emulsions & PU-dispersions. The portfolio consists of emulsions serving very divers markets like Paint & coatings industry, Inks & OPV's, Sealants, Adhesives, Construction – and Textile industry.

mt merk trading based in Fällanden, close to Zürich, is representing globalized market leaders in terms of raw materials and state-of-the-art equipment. All products are used in a comprehensive range of application fields: Lacquers & Paints, Powder Coatings, Printing Inks, Plasters, Adhesives & Sealants, Plastics & Elastomers, Paper Industry and Textile Industry. The range of raw materials includes binders, colorants, pigments and additives. The equipment product range is focused on storage & packaging of liquids/granulates & powders, industrial microwave facilities as well as grinding of Plastics.
